

The Audi A8L

Bigger is better

**Introducing
the Audi A8L**

**Don't think of it as a car.
Think bigger.**

Distinctive mark in the dark

Unmistakable in the dark thanks to its LED luminaire in combination with rear lights in OLED technology, which also highlights opening and closing vehicle. It isn't just the design that is impressive, so are the gains for safety due to better visibility.

MMI Touch Response

Focuses on the essentials
Intuitive controls with
tactile feedback
Operating convenience,
just how you like it

Feel at home

The larger doors make it easier to get in. Luxurious spaciousness awaiting to be enjoyed, no matter which seat you choose with more headroom and legroom.

The journey home could be a unique moment with ambient light that bathes your interior in one of 30 colours.

Looking after you

Up to 41 assistance systems recognize and evaluate the current environment during the journey, providing you with additional information as required, and take action in stages if it becomes critical.
