

The Audi Q2

#untaggable

Introducing the Audi Q2

 150hp

 250Nm

 0 to 100km/h
in 8.6s

Distinctive.
Smart, customized, confident and impossible to
categorize. The Audi Q2 is unmistakably
#untaggable.

Distinctive Design

It doesn't take a second glance to recognize that the Audi Q2 is a genuine Audi.

Its look is powerful, dynamic and exudes presence. The polygonal vehicle shoulders accentuate the large wheel arches. Wherever the Q2 takes you, it does so in its own inimitable way.

Driving dynamics, now that's fun

Even if the Audi Q2 is open to many interpretations, the driving sensation is extremely precise and you feel just how exciting dynamic handling can be.

Thanks especially to the Audi drive select which adjust the vehicle's character to your personal preference providing either more intense or more efficient handling.

After all, #untaggable means always having a choice

The image shows the rear cargo area of an Audi Q2. The rear seats are folded down, creating a large, flat surface for storage. The interior is dark-colored with a textured carpet. The rear window is visible, showing a view of a cobblestone street and a stone wall. The text "Adapting to your needs" is overlaid in the center of the image.

Adapting to your needs

The Audi Q2 adapts to your needs on the go, whether it is carrying more things in the boot with the foldable rear seats increasing your boot carrying capacity from 405L to 1050L or your driving style preference.

The Audi Q2 is meant to compliment your lifestyle.

Front and center

The innovative format light graphics with the ambient lighting package are among the highlights of the Audi Q2. Take the impressive illuminated trim that sets the scene on the dashboard and center console in different day and night designs.

LED technology illuminates the interior in the Q2 in a unique way

Don't concentrate on what others say,
concentrate on what's important.

With voice control, there is no need to
take your eyes off the wheel while
driving and the Bluetooth interface keeps
you connected on the go.

Safety and Convenience

Safety is a priority in the Audi Q2 and you can rest assure knowing that a number of safety features are available to help make sure you reach your destination safety and without worry.
